You will be provided with a written estimate after your consultation with the dentist. If you require any further information, please ask any member of our team.

Children, full-time students under 19, expectant and nursing mothers, and patients with a valid exemption certificate, will be able to obtain NHS treatment, wherever possible.

Please give 24 hours notice if you cannot attend your appointment, otherwise you may incur a fee.

Due to the increased demand of sterilisation, disposable instruments, PPE and the cost of quality materials, we have increased our fees as modestly as possible. This is the first increase for 3 years.
